

Maricourt Catholic High School

20th November 2018

Dear parent/carer [insert name if possible],

We are aiming to achieve an award for our Special Educational Needs and Disability provision in school: the SEND Inclusion Award.

In order to evaluate what we are providing, and to decide on how to plan for improvements, we are asking for your input. As parents or carers of a pupil who has received additional support, your views are important in helping us to understand what we are doing well and how we can do better.

We hope you will spend a few minutes completing the *Parent Evaluation Form* enclosed/attached. We ask that you answer the questions based on your own experience and that of your child.

If you would like to discuss the *Parent Evaluation Form* or get help with completing it, please contact Joanne Cowans cowansi@maricourt.net

Please return the form by **10th December**.

All responses and suggestions will be carefully considered and used to help us put together an Action Plan. This will be shared with parents on the school website

On-going information about the award and our progress in achieving it will be available on school website

With many thanks for your help,

Joanne Cowans
SENCo
