## DRAMA

### Transition Task

We have decided to put on Matilda next year as our school show and I would like Year 6 pupils to design a set for the show Inside a shoe-box sized stage.

Think about how you would design either Crunchem Hall, one of the classrooms or Matilda's house.

Your set should have just 3 walls so you can see their design as if you were an audience member. The more dramatic the better!

The winning designer will have the opportunity to join our cast next year, to help design set and props and join us as backstage crew on show nights. Send your picture through to our Social Media Platforms- even better if.... Could you deliver it to school?
